

Front-End Developer

Main role:

Candidate will be responsible for helping in the production, modification and maintenance of the display layers of web sites and web applications.

Key responsibilities:

- Produce, modify or maintain web solutions using a variety of technologies
- Provide general technical solutions as required
- Work both in isolation and as part of a team with minimal supervision
- Work with programmers in implementing server-side code to produce technical, interactive and database-driven sites
- Maintain a high awareness of industry issues and trends, particularly in regard to accessibility, usability, and emerging technologies, and keep team members informed as appropriate, with a view to incorporating these in future projects and staying ahead of the market.
- Actively contribute to discussions and brainstorming sessions as requested
- Ensure all projects are delivered on time and to the highest possible standard
- Attend client meetings if required
- Prioritize and manage your workload effectively
- Contribute to an environment that is conducive to producing breakthrough ideas

Key technical skills:

- Competent in HTML, XHTML, CSS (2 and 3) and appropriate editing tools
- Be able to demonstrate ability to create clean and easily understood code
- Developing cross-browser and cross-platform compatible solutions
- Competent in JavaScript
- Knowledge of using JQuery to create rich interactive content highly desirable.
- Some experience in DHTML and AJAX techniques
- Good understanding of Web Accessibility and be able to demonstrate work that conforms to accessibility guidelines
- Knowledge of emerging web technologies
- An understanding of basic PHP and MySQL - particularly experience of the integration of server-side code to produce dynamic pages

Inter-personal skills:

- Good verbal communication
- High desire to learn and grow
- Passionate and enthusiastic

Computer skills:

- Notepad (or any code editor)
- Dreamweaver
- Photoshop (for basic image manipulation)
- MS Word and Excel at standard-level or above
- Knowledge of using command-line Linux systems a plus.
